

Feed premix comprising amino acids for domestic animal species

# Amino Jodstar

contains  
chelates

Guaranteed content: Amino acids, J-10%

## Description and performance

**Amino Jodstar** (organic iodine) is a feed premix prepared on the basis of amino acids for different types of animals. **Amino Jodstar** is produced on the basis of Arkop's proprietary technology involving the use of micronutrient compounds with very high bioavailability. **Amino Jodstar** effectively supplements iodine deficiencies, ensures correct development of the organism and enhances animal health. The iodine in **Amino Jodstar** is characterized by very good bioavailability, thanks to which it can very quickly supplement deficiencies of this element in animal diet.
